

Curriculum vitae

Dr. rer. nat. Dorothee Schwinge

Principal investigator

*20.11.1978, female, german

University Medical Center Hamburg-Eppendorf

I. Department of Medicine

Martinistrasse 52

20246 Hamburg

Phone: +49 (0) 40 7410-57337

Fax: +49 (0) 40 7410-59092

E-Mail: d.schwinge@uke.de

Postgraduate professional career

2020 - present	Principle Investigator, I. Department of Medicine University Medical Center Hamburg-Eppendorf, Hamburg, Germany
2017 - present	Co-Principle Investigator, I. Department of Medicine, University Medical Center Hamburg-Eppendorf, Hamburg, Germany
2011 - present	Post-doctoral researcher, I. Department of Medicine, University Medical Center Hamburg-Eppendorf, Hamburg, Germany

Advanced academic qualifications

2011	PhD degree: Biology, Universität Hamburg, I. Department of Medicine, Hamburg, Germany (mentor: Prof. Dr. Christoph Schramm)
2006	Graduate in Humanbiology, Philipps Universität Marburg, Department of Clinical Chemistry, Marburg, Germany (mentor: Prof. Dr. Harald Renz)

University training

2011	PhD Thesis and PhD degree, Universität Hamburg, I. Department of Medicine, Hamburg, Germany (mentor: Prof. Dr. Christoph Schramm)
2007 - 2011	PhD position
2006	Diploma thesis and Diploma degree, Philipps Universität Marburg, Department of Clinical Chemistry, Marburg, Germany (mentor: Prof. Dr. Harald Renz)
1999 - 2006	Study of Humanbiology, Philipps Universität Marburg, Marburg, Germany

Fundings

2022 - present	TRR 333 Project P02: „Intestinal metabolites and their impact on thermogenic responses by brown and white adipose tissues“, DFG
2020 - present	LFF-FV78 „Liver and autoimmunity“, State of Hamburg
2017 - 2020	LFF-FV45 „Sex dimorphism and the immune system: Relevance for diseases and immunity“, State of Hamburg

Selected awards and honours

2022	Liselotte Brauns research price for intestinal medicine
------	---------------------------------------------------------

2019	Start-up funding (Collaborative Research Centre- CRC 841)
2016	GASL (German Association of the Study of the Liver) Publication price (YAEL Foundation)
2015	Travel bursary for young scientists (Collaborative Research Centre- CRC 841)

Selected Publications

1. Müller AL, Casar C, Preti M, Krizikalla D, Gottwick C, Averhoff P, ..., Schwinge D, Schramm C, Carambia A#, Herkel J#. Inflammatory type 2 conventional dendritic cells contribute to murine and human cholangitis. **J Hepatol** 2022;Jul5;So168-8278(22)02923-3.doi:10.1016/j.jhep.2022.06.025.
2. Poch T#, Krause J#, Casar C, ..., Schwinge D, ...Altfeld M, Lohse AW, Huber S, Tolosa E#, Gagliani N #, Schramm C #. Single-cell atlas of hepatic T cells reveals expansion of liver-resident naive-like CD4+ T cells in primary sclerosing cholangitis. **J Hepatol** 2021; 24: S0168-8278(21)00219-1. doi:10.1016/j.jhep.2021.03.016
