C2 Infection/ Immunology/ Hematology I	Microbiology/Virology/Hygiene Clinical Chemistry Immunology		☐
G2 Medicine of Adulthood and Aging I	Medical Sociology Occupational Medicine I General Medicine I Palliative Medicine	Forensic Medicine Dermatology	

**C2: 6 ECTS, G2: 6 ECTS; total: 12 ECTS

1. Optional elective course: 2nd Track module (6 ECTS)

In addition to the modules, incoming students can attend an optional elective course (2nd Track) of two weeks and 6 ECTS per semester. The 2nd Tracks offer a scientific approach to medicine. The students shall acquire skills in data analysis and research methods with the objective to understand and critically discuss a specific research field. Based on the research and clinical focus of the University Medical Center Hamburg-Eppendorf, incoming students can choose from the following elective courses on introductory level (places upon availability):

Would you like to attend a 2nd Track module in your first semester? Yes ☐ No ☐

Please choose from the following 2nd Tracks (3 choices):

- Genetics in Prenatal, Child and Adolescent Medicine
- Digital Health
- Basics: Inflammation, Infection and Tropical Medicine
- intermed - Global Health, Cultural Competence and International Medicine
- Cardiovascular Medicine
- Minimally Invasive Medicine
- Molecular Medicine of Rare Diseases
- Brain and Mind - Fascination Neuroscience
- Preventive Medicine
- Psychosocial Medicine and Health Services Research
- The Magic of Medical Imaging
- Regenerative Medicine
- Transplantation Medicine
- Tumor Biology/Oncology
- General Practice

Currently, there is no availability for incoming students in the 2nd Tracks Surgical Anatomy and Techniques in Trauma Surgery and Orthopaedics; Practical Medicine in Obstetrics, Paediatrics, Paediatric Surgery and Paediatric Cardiology; Disaster Medicine.

Semester 1 (places upon availability):

1st choice: _____

2nd choice: _____

3rd choice: _____

2. Optional clinical clerkship

Alternatively, students can complete a clinical clerkship during the lecture-free period or instead of a 2nd Track. One week of clinical clerkship corresponds to 1.5 ECTS. Students need to organise the clinical clerkship by themselves.
